

Auckland RC 6 March 2013 - R 9

Rules:

[638\(1\)\(d\)](#)

Name(s):

Mr O Bosson
rider of SANGSTER
Mr J Oatham - Stipendiary Steward

Charge:

Careless Riding

Facts:

admitted

Following race 9 an information was filed pursuant to rule 638(1)(d). Mr Neal alleged that near the 450 metres Mr Bosson angled his mount SANGSTER inwards when not clear of CROCODILE CANYON (D Walker) which was checked.

Mr Oatham demonstrated the relevant video films pointing out SANGSTER racing in a 3 wide position approaching the 450 metres. Racing on his inside was CROCODILE CANYON (D.Walker). Soon after this point Mr Bosson allowed his mount to roll in and take the line of CROCODILE CANYON. This caused Mr Walker to check for 2 or 3 strides to avoid getting on the heels of SANGSTER. Mr Oatham submitted that Mr Bosson was not the required distance clear when moving in.

Mr Bosson, in admitting the breach, said he believed Mr Walker did not really have to check his mount and it was more of a case of him having to ease. He said he was going so well at the time which accentuated the movement but admitted rolling in.

Decision:

As the breach was admitted we find the charge proved.
