

## Otago RC 27 November 2016 - R 4 - Chair, Prof G Hall

**Rules:**

[638\(1\)\(d\)](#)

**Name(s):**

Ms Wynne - Licensed Jockey (Class A)  
Mr J Oatham - Chief Stipendiary Steward  
Mr M Pitman - Licensed Trainer assisting Ms Wynne

**Charge:**

**Facts:**

admitted

Mr Davidson, Stipendiary Steward, alleged that Ms Wynne permitted her mount FLYTIME to shift outwards near the 200 metres of race 4, the Quartz Reef Wines Rating 65, when there was insufficient room to do so buffeting PASSITO (Mr Kalychurun), which was checked.

Mr Oatham demonstrated on the videos that the respondent was positioned behind Mr Callaway (DAIFUKU) early in the run home. There was no run for her from the top of the straight. At about the 200 metres she moved wider on the track to obtain a run to Mr Callaway's outside and, in so doing, took the line of running of Mr Kalychurun, who was riding PASSITO. Mr Kalychurun was buffeted and was moved onto the heels of MACY, Mr Johnson's mount. Mr Oatham acknowledged that FLYTIME had been laying out during the race.

Ms Wynne stated that FLYTIME was hanging. It had a pricker on, which she believed the horse resented, and she had been doing her best to keep the horse straight. She agreed she had angled out for a run but "once the horse had seen daylight it kept coming but it was still hanging". She said she had never used the whip. The co-trainer, Ms A McKay, had told her after the race that it was the first time the horse had raced in the field as it had led in its previous races.

Mr Davidson acknowledged the horse was clearly hanging, but Ms Wynne being aware of this should not have been attempting to take the run she had. He emphasised she was already having a difficult ride.

**Decision:**

As Ms Wynne has admitted the breach, we find the breach proved.
